

## Back to School Survey

Below is a brief survey we would like you to complete and return with your child. The goal of this survey is to solicit constructive feedback to assist in our policies and procedures for this year.

1. Signing tests - Does it help the parents stay in touch with how the child is performing in a particular subject?

2. Newsletter on the St. Francis website -

- Is a *weekly or monthly* newsletter beneficial?
  
- What information would you like to see in the newsletter?
  
- Have you signed up to view the blog?

If not, why?

3. Homework - As stated in the SFA handbook, 5<sup>th</sup> grade students should be spending approximately 30-60 minutes a night on homework (including their 20 minutes of independent reading).

- On average how many minutes did your child spend on homework a night last year? Too much, too little?

4. Study Skills -

- Do you feel like your child has the necessary study skills to prepare for a test?
  
- What could skills do they still need?

5. Any other suggestions or feedback?
