FYI

- Students will have a math test on Tuesday covering addition, addition properties, subtraction, and problem solving.
- There will be a science test on Thursday, October 29th. It would be great if students started studying their Picture Dictionaries because the test will cover all of the material that students were instructed to put in their dictionaries. It will cover the layers of the Earth, plates, earthquakes, and volcanoes.
- The Winn-Dixie play will be on Wednesday, Nov. 11th at 12:45 pm. This is an early dismissal day, so students will present the play and then get out of school at 1:30. We are looking forward to showcasing all of the talent in 4th grade at the play.
- Your child will be bringing home a current event poster sometime during the first trimester. They will have a week to work on the poster before presenting it to the class.
