FYI

- Keep practicing those multiplication and division facts. The students are struggling with their basic facts, so please practice them with your child a little every night. Practice makes perfect!
- We are starting our immigration unit in Social Studies. This week, the students had a couple of presentations regarding immigration and the reasons why people came to America. They were excited to learn about their ancestry and share their own family customs & traditions.
- Your child will be bringing home a current event poster sometime during the first trimester. They will have a week to work on the poster before presenting it to the class.
- There will not be a newsletter next week due to only have two days of school. Enjoy the time with your family and take a moment to count your many blessings. Happy Thanksgiving!
