FYI

- Mrs. McCarthy's class did an awesome job at Mass today. Thank you to the families who joined them in the celebration.
- If you haven't done so already, please return the envelopes that the progress reports were sent home in. We will use those for the next trimesters, too.
- Keep practicing those multiplication and division facts. Practice makes perfect!
- Check in with your children to see how they are coming with their book projects this month.
- Just a reminder to bring in new or gently used hats, mittens, gloves, or new socks to donate to shelters as part of the St. Francis Advent Service Project.
- Don't forget Food Bank Fridays!
